ANYTHING YOU CAN DO, I CAN DO HIGHER

DJ HOLLY WEED

DJ × Stoned Circus. Las Vegas. From the circus stage to the decks — and the first season delivered: three-hour sets at Southwest Flow Festival and a build-to-burn summer with Camp VIP at Burning Man. A performance, not just a set.

DRUM & BASS · HEAVY BASS · METAL EDITS · HARDCORE · WHATEVER I WANT · I DO IT ALL

NO RULES

Drum and bass into metal into hardcore. Genre lines are a suggestion she declines.

NO WARM-UP

Zero to three-hour festival sets in one season. The momentum is a track record now.

EVERY GOAL

Sets goals in public, hits them on schedule. Burning Man was first. Next: Pachi Pachi and Dystopia ATX.

BIO

DJ Holly Weed came to the decks from the circus stage — years performing for crowds of thousands at MGM Grand, EDC's main stage and AREA15, sharing stages with RÜFÜS DU SOL, Marshmello and Desert Dwellers. She booked Burning Man before she'd played a single set, then delivered: three-hour sets at Southwest Flow Festival and a build-to-burn summer with Camp VIP (Very Inappropriate People) at Burning Man 2026. Her sets splice drum & bass and heavy low end with the rock, metal and hardcore she grew up on, with circus surprises built in. Up next: opening Pachi Pachi in downtown Las Vegas (Nov 13) and Dystopia in Austin with Dragonwolf Productions (Jan 16, 2027). Book a performance, not a set. Anything you can do, she can do higher.
